Your committee must meet four or more times per year. Minutes of each meeting of the safety and health committee at your workplace must be faxed, mailed, e-mailed to cominutes@gov.mb.ca, or if you use the interactive form, once you have entered all the information, press "Send Committee Minutes" and they will be sent automatically to the Workplace Safety and Health Division. You can use the Workplace Safety and Health Committee Minute Form or set up your own format containing all the information in our form.

The minute form is intended for your use to record briefly and clearly the safety and health concerns at your workplace and steps taken by the committee or others to resolve them. They are designed to provide everyone at your workplace and the Workplace Safety and Health Division with information on your committee's activities and progress to date.

If you are unable to resolve an issue yourselves, phone or write your Safety and Health Officer for assistance in finding a solution. If you would like assistance with making your committee more effective, call the Safety and Health Committee Coordinator at 945-5718 or 1-800-282-8069 extension 5718.

- 2 Review issues resolved by individual committee members or supervisors.
- 3 Review illness, injuries and accidents since last meeting. This could also include a brief review of working procedures, rules and policies related to the illness, injuries or accidents and recommendations for changes to same.
- 4 Consider new concerns or problems. These may arise out of inspection tours, surveys, investigations by committee or concerns brought to the committee's attention by employees or management.
